The work group is in the process of receiving and discussing information provided by special speakers and other printed sources. Various work group members are currently attending workshops on nonpoint issues around the state. Good discussion is occurring at monthly meetings, and the group is hopeful that, given enough time, they will be able to make a good recommendation to the Land Conservation Committee.

LAND & WATER RESOURCE MANAGEMENT COST SHARE REPORT: Because Dodge County does not yet have a contract for cost share funds in 2016, there was no monthly report on cost share activities. Motion carried.

**CONSIDER 2017 SWRM GRANT APPLICATION TO DATCP:** Marc Bethke presented the proposed SWRM Grant Application to DATCP for 2017. It was also reported that efforts to create a Fox Lake Town ordinance to better regulate expanding livestock facilities have been suspended. Bill Foley reported that the Beaver Dam Lake Improvement Association's application for grant funding for lake management plan implementation was not approved.
